□ Yes, I would like to receive updates from the Department of Neurological Surgery including event information and opportunities for additional donations.

Please tear off this panel and return using the enclosed envelope.

Gifts to the University of Miami are tax deductible to the extent provided by law. An official receipt for your gift will be issued.
The Department of Neurological Surgery at the University of Miami, Miller School of Medicine

SURGICAL EXCELLENCE
Our world-renowned Neurosurgeons specialize in the care of surgically treatable neurological diseases and injuries. Patients from Florida, across the U.S., Latin America and the Caribbean, Europe and Asia seek evaluation and treatment from our Department’s highly skilled and sub-specialized team.

EXTRAORDINARY EXPERTISE
Our surgeons are among the world leaders in the care of patients with disorders of the brain, spinal cord and nerves including: cerebrovascular disease, intracranial and spinal tumors, disorders of the spinal cord and vertebral column, movement disorders, medically intractable seizure disorders, pediatric neurosurgical problems, and head and spinal injuries.

COMMITMENT TO EDUCATION AND RESEARCH
The Department of Neurological Surgery at the University of Miami is ranked among the best in the nation and across the world. Our multidisciplinary team of clinicians and researchers are dedicated to advancing the fields of Neurological Surgery and Neuroscience by training neurosurgical residents, fellows and peers from around the world. Many of our students become leading teachers and respected mentors (we “train the trainers”) throughout North America, Latin America, Europe, Australia, the Middle East and beyond. We are ranked in the top among neurosurgical research programs in the U.S. by the National Institutes of Health (NIH).

All gifts are vital, each one enhancing our world class research and education efforts. Please give to the specialty of your choice. Your contribution counts.
